3 Tenders should be addressed to the Executive Engineer, No. 3 Division, Jog, in a sealed cover and superscribed as "tenders for constructing 20 semi-permanent sheds at Jog." Prescribed tender forms are obtainable from the Office of the Executive Engineer, No. 3 Division, Jog, on a payment of annas four per form. Tenders are to be for multiples of 5 blocks (of 2 units each) of semi-permanent sheds.

4 Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. No heed will be taken of any application for any higher rates during execution of the work if the tender is decided within a period of six months from the date of tender. Lumpsum contracts will not be accepted.

5 Item not provided for in the estimate will be calculated as per schedule of rates or as per data worked out during execution of work.

6 Each tender must be accompanied by a duplicate chellan for having credited into the Treasury the deposit amount of Rs. 1,000 (Rupees one thousand only) under "36. Remittances, payment into the Treasury by Electrical Department" or Mysore Government Bonds endorsed at face value or market value whichever is less as earnest money. Such deposits will not carry any interest. No cheques will be accepted. The tenderer can also quote for all the 20 sheds duly crediting the required earnest money of Rs. 4,000 (Rupees four thousand only).

7 Copies of contract agreement, schedule and drawings may be had at the Office of the Executive Engineer, No. 3 Division, Jog, on any working day between 11 A.M. and 5 P.M. on a payment of Rs. 20.

8 The final acceptance of the tender will rest with the Chief Electrical Engineer or the Government as the case may be. The successful contractor should bind himself to abide by the departmental rules in force and execute the necessary agreement on receipt of intimation of acceptance of his tender.

9 Controlled articles such as steel, cement and other materials will be sold to the accepted tenderer at the prevailing rates at the time of purchase.

10 The contractor should make his own arrangements for transhipment of materials etc.

11 No conditional clause will be accepted.

12 Sales-tax will have to be paid by contractor.

13 The centage charges will be 15 per cent for materials to be supplied by the department.

14 No petrol or lorry will be given. The contractor must make his own arrangements.

15 Rates need not be quoted for items for which lumpsum provisions are made.

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 5th August 1950.

The Third Anniversary of the Independence Day falls on Tuesday, the 15th August 1950. This day has already been declared a Public Holiday.

Following the decision of the Government of India, it has been decided that the celebrations on the Independence Day this year also should be on a modest scale and should consist only of a Flag Hoisting Ceremony at all District and Taluk Headquarters in a simple and dignified manner.

It is requested that, as in previous years, the day may be observed solemnly as a day of service.

All Industrial Employers are requested to fall in line with the policy of the Government to grant a Paid Holiday to Industrial Workers on the 15th August 1950, in connection with the celebrations of Independence Day. It is, however, suggested that employees may work on the preceding or following Sunday to make up the loss of production on the 15th August 1950.

(P.N. No. 111—Dated 5-8-1950—X 1201-300).

Press Note.

Dated 3rd August 1950.

The Hon. Sri K. T. Bhashyam, Minister for Law and Labour, was on a visit to Delhi on the 30th July and returned to Bangalore on the 2nd August.

During his stay at the capital, he interviewed the Ministers Shris C. Rajagopalachari, Jagjivanram, Munshi, Mehtab, Deshmukh, Gopalaswami Iyengar and Santhanam, besides calling on the members of the Planning Commission Shris V. T. Krishnamachari, Gulzarilal Nanda and G. L. Mehta.

The object of his visit was to press the case of Mysore State for financial assistance from the Centre for Electrical and other industries besides development schemes like Irrigation and Rural Electrification, Power for Irrigation purposes, etc.

The Government of India expressed themselves generally in favour of the schemes and the need for pushing them through. The Central finances, however, being what they are and the Dollar situation being not altogether easy, the financial help that could be expected of them can only be limited. But such help as can be given will be given during September and October. Rural electrification will be crrried on vigorously during the year with the aid of the grants that may be so available and not limited only to the Budget grant.

The development of Electrical Industries such as High Tension Insulators, Transformers, Florescent lamps and incandescent bulbs, switchgears, etc., as outlined by Westinghouse experts has been favourably received and may be expected to be taken up early.

Cottage industries, particularly powerloom and handloom were discussed and the Industries Minister, Shri Hare Krishna Mehtab, expressed himself in favour of popularising the Japanese spinning plant for feeding cottage looms with yarn. A Japanese Spinning Plant of 1,280 spindles costs about Rs. 30,000 and working 8 hours a day it can feed 45 powerloomsp er day producing 90 pieces or 2,160 yards of cloth per day. The same unit hitherto installed is costing Rs. 3 lakhs. The saving is effected by the substitution of durable and treated timber and bamboo, wherever possible in place of steel.

It is not likely that any further amounts can be found this year by the Centre for Labour Housing. It is, however, hoped that a few lakhs of rupees may be made available out of grants to Part B States when they are made in September this year.

It has been urged on the Planning Commission and the Ministry of Railways that out of the Railway Reserve Fund from Mysore, a sum of Rs. 50 lakhs should be made available for the Electric Trolley Bus Scheme in Bangalore. The matter has been promised sympathetic consideration both by the Chairman of the Planning Commission and by the Minister for Railways.

The Food Minister, Shri Munshi, was sympathetic towards our demands for the allotted quota of rice and an additional quota of foodstuffs. We are likely to get during September about 5,000 tons of the promised quota of rice and later about 20,000 tons of milo and wheat as additional quota. It may also then be possible to issue an addition quarter of a seer of wheat per rupee with a view to encou age wheat which is available in preference to rice whic is not.

There were several other matters of minor importan which needed attention. One of them was the transp facility for movement of Andaman Timber Poles from Oriss where they are lying, to Bangalore for the Electri Department. Shri Santhanam promised to give the facili at once. Another was the return of deposit placed wi the Bengal Government in pre-partition days for supply rice to Mysore. A sum of about Rs. 2 lakhs is stated to available and has been promised to be returned at an ear date. Still another was the need for additional quota 50,000 gallons of petrol per month to meet the requireme of buses and lorries in the State. We are likely to get

Certain suggestions were made such as the raising funds from rural areas by way of national saving control of cocoons and stabilisation of prices of availability of funds for technical training and They will be examined and followed up.
